

Consultancy and Support Services

You already have enough to do - let us share your workload!

Our services go beyond training; our course tutors and consultants are experienced professionals who are able to provide practical assistance within your organisation. These services tend to be bespoke according to the needs of the client; however, please see below an illustration of the types of support services we can offer.

Overview of Services

Consultancy and Support

- Consultancy and project management for the implementation of management systems such as ISO 9001, ISO/TS 16949, AS 9100, ISO 14001 and OHSAS 18001.
- Gap analysis for the implementation of management systems.
- Practical assistance with tools and techniques, e.g. measurement systems studies, statistical process control, etc. .
- Project support and mentoring for six sigma.
- Internal audit services (we can carry out your routine management system audits and manage your audit programme).
- Risk assessment.

To request a detailed course agenda, or to discuss your requirements with a training advisor, please contact us via the web page link (or by using the contact details shown below). If required, we shall be pleased to visit you for an initial discussion.
