

Environmental Management

General

We offer a comprehensive range of training courses and consultancy services to help organisations to effectively manage their environmental aspects.

Duration/Delivery Mode

Typically 1/2 day - 2 days (dependent on course).

Target Audience

As appropriate, directors, executives, managers, employees.

Overview of Courses

Environmental Management

- Understanding ISO 14001 Environmental Management Systems (1 day)
- Environmental Management for Managers (2 days)
- Internal Environmental Management Systems (EMS) Auditor Course (2 days)
- Environmental Awareness for Employees (1/2 day)
- The Producer Responsibility (Packaging Waste Obligations) Regulations 2005 explained (1/2 day)
- Understanding the Duty of Care for Waste (1 day)
- Essentials of Environmental Law (1 day)

Benefits

Environmental Management

- Understand how to effectively manage your environmental impacts and legal obligations.
- Recognise the EMS principles which are also common to ISO 9001 and OHSAS 18001, and hence, the potential for developing an integrated management system within your company.
